

Welcome Note for EPSA 2019

Welcome to the 9th Annual Conference of the European Political Science Association!

This year's conference takes place in Belfast, Northern Ireland from 20-22 June 2019, at the Peter Froggatt Conference Centre of Queen's University.

The 9th Annual Conference is the biggest ever EPSA event, with 185 panels across 11 tracks, and over 730 registered participants. We have some outstanding social events planned as well.

The [online programme is published here](#). If you have questions about the conference or the schedule, please email conference@epsanet.org. Feel free to cc a Track Chair (listed below) if this concerns your panel. We still need many volunteers for Chair and Discussant roles, so feel free to choose one that is still unassigned, if you prefer.
